

HOW TO PLAY

This game can be played by either a single player or by two players, either competing against each other or playing on the same team against the computer.

- 1 PLAYER** A single player against the computer.
- 2 PLAYERS** Two players competing against each other
- DOUBLES** Two players together on the same team competing against the computer in a game of doubles.

Move the hand mark up and down to point to your choice by using the UP and DOWN movement of controller 1.

When the indicator points to the selection you want, press the fire button on controller 1 to enter your selection.

Next, select the level of difficulty you want to play.

GAME SELECT 1 The speed of the ball and the
GAME SELECT 2 movement of your opponent will differ
GAME SELECT 3 depending on the level you select.

(Selection of game level is made in the same way as the selection of number of players immediately above.)

The action is controlled as follows:

Controller 1 – Player 1

Fire	To swing the racquet or to toss the ball up to serve
Left	Move the player to the left
Right	Move the player to the right
Up	Move the player towards the net
Down	Move the player away from the net

Controller 2 – Player 2

Fire	To swing the racquet or to toss the ball up to serve
Left	Move the player to the left
Right	Move the player to the right
Up	*Move the player towards the net
Down	*Move the player away from the net

* If playing **2 Players** game then UP and DOWN movement will be reversed; Up will move player 2 away from the net and Down will move player 2 towards the net.
