Starting the Game

Make sure your ColecoVision™ unit is turned off, and insert the GHOSTBLASTER cartridge into the cartridge slot. Plug your Hand Controller into Port 1 (rear jack), slide the console's On/Off switch to the On position, and then momentarily depress the Reset button. Once the title screen appears, press either Side Button on the Hand Controller to proceed.

Controls

During the game, use the joystick to control your character's movements. Press the left Side Button to fire your Blaster. (See "Game Play Options" section for details on jumping)
