Hi!

Thank you for your order of the new Ultimate SD Cartridge for ColecoVision and for supporting homebrew game developers!

You will find the following items enclosed with your kit:

Atarimax Ultimate SD Cartridge for ColecoVision
SD Memory Card (32MB or Greater Included)
Firmware and Menu Software (Pre-Installed on SD Card)

CollectorVision BONUS Digital Edition Games (Pre-Installed on SD Card)

- Mario Brothers
- Mr. Chin

To get started, just insert the SD card into your Ultimate SD Cartridge, then insert the cartridge into your ColecoVision game console and start playing!

For more information including documentation, firmware and menu software updates, please visit the Atarimax web site at:

http://www.atarimax.com/colecosd/

Also, please take a moment to visit the product forums, where you can obtain and share manuals, screen shots and tips with other Ultimate SD Cartridge owners!
