play... for real.

Feel the goose bumps on your neck begin to rise as you take your seat in front of the video monitor. The situation pictured before your eyes is critical. Actual enemy nuclear attack on your most important cities and natural resources has begun.

Only *you* can determine the best strategic defense of the nation. Only *you* can effectively repel the enemy attack.

But the situation worsens. As you're attempting to rebuild your cities and keep production of goods and

that's so realistic, generals might even play it. Isn't it time you tested your skills?

services going, you pick up enemy spies lurking within your midst on your video close-up monitor. Can you effectively deal with them... even as more enemy missiles are approaching?

Your time is running out.
