

EVERYTHING'S ADAM (tm) by TSASA, INC.  
PRESENTS  
ADAM COMPUTER BUSINESS & HOME SOFTWARE  
-----

\* EVERYTHING'S ADAM is proud to present its "powerful line of Business and Home Adam Computer Software specially programmed for the ADAM!"

\* All programs are recorded on high quality, pre-formatted, high speed digital data cassettes for the ADAM computer!

\* All programs come complete with instructions and most programs offer complete printing capabilities!

\* Dedicated program style to prevent computer "fright" with the knowledge that most of our users are first time users or novice programmers.

We know that you will come to realize - as we have - that the ADAM computer will prove the skeptics wrong and represents a true challenge to the microcomputer industry. It is with this approach that we have developed our software and we are certain that you too will become a true believer!

Choose from our varied selection of programs for Business and Home. All programs are guaranteed to load and run or return them for a no-hassle free replacement. Below is our fine selection of programs, their description, and current pricing:

A3. THE ORDER TRACKER - If the customers keep calling for their merchandise and you can't remember when the order came in, or worse, where it is-then you must have this program! Data statement entry of date order was received, name and address of purchaser, date shipped, and amount for each item purchased is easily recorded and instantly accessible. Stop second guessing and improve the efficiency of your operation. Menu selection allows access by date or name of customer. \$29.95

A4. BUSINESS INVENTORY - This program may be a 'heaven sent' to your business. It is a database program to maintain a record of your inventory and its location within your facility. Data statement input will permit recording of appropriate information and eliminates all future guesswork regarding what you have in inventory and where it is located. Inventory information is accessible by key word or inventory number. \$29.95

A5. THE BIDDER-MY PROFIT MARGIN - All too frequently jobs are estimated or bid too cheaply and money is lost on the sale. This program will perform faultless calculations upon input of your fixed and variable costs. Program is flexible to permit different percentages of mark-up or profit with comparison thereof. If your business is involved in any type of 'sales' or estimating then this program is your 'cup of tea.' \$28.95

A6. BUSINESS CALENDAR-PERSONALIZED DATA BASE - Finally a quick - simple to use program to maintain a diary of appointments or significant business events. Through data statement entry you can additionally use this program as a business or general data base and instantly access the information you need by date or similar key word. \$28.95

A7. THE BILLING SOLVER - A handy database program that is readily adaptable for your business or profession. Maintains files of your clients or accounts along with time entries for jobs performed on their behalf. Program automatically totals time. Information is accessible by client name. Program permits a permanent file record to be created. \$29.95

A8. THE CLIENT TICKLER - A very special database program to maintain records of projects or specific files for clients or accounts. Assign file number and information including client name, project name, and project time, and work performed is instantly accessible. Beats running to the file room and becomes a real time saver too! \$29.95

A9. ADAM CALC - This is our simple answer to the 'big boys'. A handy calculator program to maintain addition or subtraction totals on horizontal or vertical matrix. Screen position can be scrolled to left and right to overcome screen limitation. An easy to use program with real utility for our 'calc' fans. May even be used for performing simple payroll calculations for several employees with totals provided

automatically. It's time you joined the club. 12 X 12 calculation matrix. \$24.95

A15. THE MORTGAGE CALCULATOR - A simple assistant to calculate your monthly mortgage or loan payment with an infinitely variable input of the principal of the loan, interest charges, or term of the loan. Whether you're a banker, real estate vendor, or home buyer, this program will be extremely useful to you \$19.95

A19. TAXMAN-INCOME & EXPENSER - The utilization of this program will build and maintain a file of your income and expenses. An absolutely essential tool to create a file for income tax purposes by data building through your computer. By recording appropriate expenses, the deductions that you take will now be documented properly. Great for preparing for an audit-ahead of time! \$28.95

A22. THE PHONE DIRECTORY - Throw out that bulky phone directory. Plug in your computer and you have the best telephone directory that money can buy. Forget the yellow pages. Access number by input of name or key word. Whether you use this for your business or at home, you'll never lose a phone number again! \$22.95

A26. THE STOCK TICKER TAPE - The application of this program as a personal or business financial tool will be invaluable to you. This program maintains a profile of your investments, their gains or losses, with related information including broker commissions. Whether you're a stockbroker or your own 'broker' this program makes your computer worth its weight in gold. Use this program after accessing telephone information through the Source or Compuserve and respond by making buy or sell decisions on the spot. This program could be your real moneymaker. Permits recording for permanent storage and retrieval. \$29.95

A32. THE MAILMAN - Another simple to use and handy program to deep addresses of business or personal acquaintances. After data statement input, you can access by name, zip code, or city (location) information desired. \$24.95

A35. THE BUDGETER - Our most detailed version of the budget utility programs. Helps keep track of everything you're spending. A resourceful program that will place your finances in order. Allows you to fine tune your budget and keep you out of the red. \$25.95

A39. CHECKBOOK BOOKY - Tired of being unable to balance your checkbook? Is it really messed up? Then this program is your salvation. It's time to clean up your act and avoid the insufficient sum syndrome. You never thought you could bring the bank to your home-but with this program you can. \$24.95

A41. AT HOME INVENTORY - This program will maintain an inventory of all your personal effects and is a lifesaver in case of fire or theft. Maintain a permanent profile of item, date of purchase, serial number, purchase price, and related information. It may be your necessary proof if an insurance question is ever raised. \$24.95

A51. MOTHER'S RECIPES - Eliminate the dirty recipe books and 3x5 cards. Instead turn the television on and reproduce instantly the recipe you want. For all of the computer 'gourmet(s)' this program is for you. \$24.95

A55. GRADE MY KIDS - Whether you're a teacher or parent you may use this program to maintain a profile of your students including name, class, or section, test scores and test score average to determine final grades. Forget adding up all the grades - this program will do it for you. \$24.95
