KX-P1150 Dot-Matrix Printer

A Great Way To Begin...

Panasonic's KX-P1150 dot-matrix printer is a great way for your customers to begin. Built with the first-time buyer in mind, this printer is also great for the experienced user's home printing needs. The KX-P1150 features a simplified operator panel for easy access to the printer functions your customers use most. And feature selection is easy, with a setup utility disk that allows them to make changes directly on screen. Plus, automatic paper loading, convenient paper parking and an easy-to-load push tractor make paper

Features:

- 9-pin NLO printing
- 240 cps high-speed draft/160 cps draft/32 cps MLT
- 240 x 216 dpi
- 4K print buffer
- Epson FX-850 and IBM Proprinter III emulations
- Parallel interface
- Seven resident fonts
- Automatic paper load
- Paper parking
- EZ Set operator panel with LCD
