

This catalog contains the complete Micro Innovations product line. No additional products are under development. For additional information, please call during normal office hours (6:30 - 9:30 PM, Monday - Friday).

Powermate™ Hard Disk Drives

Standalone 20 or 40MB hard disk drives for the ADAM™ computer. Stackable with Micro Innovations ADAMnet™ Floppy Disk Drives. Include left slot interface board and all cables. Also available with center slot interface board (with boot PROM, printer port, and memory expander interface). Operating systems and public domain software preloaded.

<u>Product</u>	<u>Price</u>
20 MB Hard Disk Drive	\$299.95
40 MB Hard Disk Drive	\$399.95
Center slot interface board	add - \$25.00

ADAMnet™ Floppy Disk Drives

Stand-alone floppy disk drive for the Adam Computer. Plugs in to ADAMnet™. Comes with external power supply and ADAMnet™ cable. Available with several different PROMs. Standard PROMs are: 320K Double-Sided format for the 5 1/4" drive and 720K E&T Software format for the 3 1/2" drive. Other formats available are: 160K Single-Sided and 360K IBM format for the 5 1/4" disk drives and 720K Orphanware format for the 3 1/2" disk drives.

<u>Product</u>	<u>Price</u>
360 KB 5 1/4" drive	\$199.95
720 KB 3 1/2" drive	\$249.95
1.4 MB 3 1/2" drive	\$299.95
Extra Disk EPROM (specify format)	\$7.50

Dual Serial I/O Card

Plug-in board for Coleco ADAM™ computer that provides two RS-232 serial ports - one set up for a CRT terminal or serial printer and the other set up for a modem. Goes into left expansion slot (slot #1 - the modem slot).

<u>Product</u>	<u>Price</u>
Dual SIO Card	\$49.95
Serial I/O Cable	\$14.95

Memory Cards

Plug in memory boards for the Coleco ADAM Computer. All boards plug in to expansion slot #3 (the right expansion slot). Available in 64K, 256K, 1MB and 2MB sizes.

<u>Product</u>	<u>Price</u>
64K memory card	\$29.95
256K memory card	\$69.95
1MB memory card	\$149.95
2 MB memory card	\$249.95

NOTE - All memory cards (except the 64K card) require a memory expander function from a card located in the center expansion slot. All Micro Innovations center slot cards supply this function. Some other manufacturer's center slot cards also supply this function. 256K memory card shown above.

Multi-Purpose Interface Board 3

Plug-in board that adds a Boot PROM socket, two RS-232 serial ports, a parallel printer port, and a memory expander board bank switching port to the Coleco Adam computer. MIB3 I/O ports are compatible with MIB2 and Powermate I/O ports.

<u>Product</u>	<u>Price</u>
MIB3 Interface Board	\$74.95
Peripheral Cable (Serial or Parallel)	\$14.95

Printer Card

Plug-in board for the Coleco ADAM™ computer that provides a Centronics™ -compatible parallel interface for a dot-matrix or laser printer. Also includes addressor function for expansion memory boards and a boot PROM socket (for booting hard disks).

<u>Product</u>	<u>Price</u>
Printer Interface Board	\$34.95
Printer Cable	\$14.95

Ordering Information

Micro Innovations sells directly and through dealers. Methods of payment include company or personal check, money orders, and COD. Although Micro Innovations does not accept credit cards, some of our dealers do. The current list of Micro Innovations dealers includes: *Adam's House* (Terry Fowler), Route 2 Box 2756, Pearland, TX 77581, (800) 999-5040; *NIAD* (Jim Notini), 8125 W. Catherine, Chicago, IL 60656, (312) 775-0409; *ADAM-Link of Utah* (Alan Neeley), 2337 South 600 East, Salt Lake City, UT, (801) 484-5114; and *ADAM Services*, 21 Rondale Blvd, Toronto, Ontario, Canada M6A 1H6, (416) 783-0316. Other ADAM dealers are signed up to carry Micro Innovations products, but do not maintain stock.
