

REEDY SOFTWARE

Product Catalog

for the

Coleco ADAM Computer

We at REEDY SOFTWARE have been supporting the ADAM computer with quality, low-cost software for over three years. We believe in using only the highest quality Digital Data Packs (LORAN brand) and disks for our software. Every one of our packages comes complete with an informative instruction manual and supported by our 90-day warranty. All the software in this catalog will work with the basic ADAM system (80K memory console with one data tape drive) unless otherwise noted. You must have a disk drive to utilize the disk versions of our software.

GREAT NEW GAME FOR ADAM... PHRASE CRAZE!

Phrase Craze! *Disk: \$17.95 DDP: \$19.95*

This is an exciting "Wheel of Fortune"-type game for ADAM! Up to three players (or teams of players) compete to figure out the phrase in each of the three rounds. All high-resolution colorful graphics, animated sprites, and sound make this game super-fun for everyone! There's even a Hall of Fame for the top scores! Phrase Craze comes ready-to-play with hundreds of phrases, but the fun doesn't end there; Phrase Craze has an option to utilize *Phrase Paks* which contain even more puzzles! If you've enjoyed Coleco's Jeopardy and Family Feud, you're going to love Phrase Craze!

Phrase Pak One *Disk: \$7.95 DDP: \$9.95*

This package includes more phrases for Phrase Craze -- over 150 games worth! *Requires Phrase Craze.*

Phrase Pak Two *Disk: \$7.95 DDP: \$9.95*

This is our special *Show Biz* Phrase Pak. Includes over 150 games worth of puzzles for Phrase Craze that are related to the entertainment industry: celebrity names, titles of movies, names of television shows, and more! *Requires Phrase Craze.*

The Reedy Library *Disk: \$17.95 DDP: \$19.95*

This was our first program package for the ADAM and still remains a favorite. Consists of an assortment of programs including Michigana Jones (also available separately), VideoPaint, Hi-Res TextEditor, Picture Subroutine Maker, ADAMadding, and much more.

DIGITAL EXPRESS SOFTWARE

TurboDISK 1.0 *DDP: \$20.95*

Creates a powerful RAMDISK utility for SmartBASIC V1.0, corrects BASIC bugs, and includes TurboCOPY (copy utility with 62K buffer and various "medium manager" options) and EZkeysII (a keyclick program)! TurboDISK is fully compatible with Intel-BEST and Intel-LOAD V1. *Requires 64K expander.*

TurboDISK 2.0 *DDP: \$12.95*

Same as 1.0 (above) but creates a RAMDISK for Coleco's public domain SmartBASIC V2.0 program (does not include TurboCOPY or EZkeysII). *Requires 64K expander and SmartBASIC V2.0.*

Intel-BEST 3.3 *DDP: \$19.95*

Makes over three dozen changes to SmartBASIC including: command shortcuts, sound commands, built-in machine code routines, and much more! The very informative manual even covers how to make music.

Intel-LOAD V1.0 *DDP: \$12.95*

Converts SmartBASIC V1.0 programs to binary format for SUPER FAST loading (up to 12 times faster!). Stays in RAM (and has on-line instructions).

Intel-LOAD V2.0 *DDP: \$12.95*

Same as V1.0 above but works with SmartBASIC V2.0 (STDMEM).

FontPOWER *DDP: \$14.95*

This font design utility includes 8 new font sets (script, micro, cory, bold, etc.) and includes various demo BASIC programs (for using fonts and inserting them into GR, HGR, and HGR2 screens). Utilizes Coleco-like SmartKeys.

SpritePOWER *DDP: \$16.95*

Like FontPOWER, this utility also uses Coleco-like graphics. Lets you easily design your own sprites. The extensive instruction manual shows you how to use sprites in your own programs. Three sprite sets are included.

Clipper *DDP: \$16.95*

This totally machine code program introduces the concept of "clip art" to

ADAM! Clip a section of a high resolution graphic screen and put it in another (in your own programs). Also lets you draw clip art. Includes an 11K ramdisk that does NOT require a 64K expander.

PowerPAINT **DDP: \$35.95**

This is THE most extensive and powerful graphics design package ever created for ADAM! Features: Quick global color changes, uses FontPOWER font sets (normal, double width, or double length), CLIPPER clip art, and SpritePOWER sprites. Also: move or copy sections of your picture, over two dozen print options, actual picture is four screens (or eight screens if you have a larger expander) allowing large graphic designs, scroll your picture, SmartKey driven, and 100% machine code program. **Requires 64K expander (or larger).** *Printing requires a parallel interfaced Epson or compatible printer.*

ShowOFF I: Graphic Design Package **DDP: \$24.95**

This professional package lets you design low or high resolution graphics, save them, and print them. Lots of features! Check out the pictures in our PD library. **Requires parallel interfaced dot matrix printer to print the graphics.**

ShowOFF II: W/P Enhancements **DDP: \$16.95**

Several machine code enhancements for SmartBASIC and SmartWriter. **WriterMATE** enhances SmartWriter with 32 embedded print commands, Control features, and other improvements! **Requires: 64K expander and parallel-interfaced Panasonic 1080 or 1080i printer.**

ShowOFF II-a: W/P Enhancements **DDP: \$16.95**

Very similar to ShowOFF II (above) but only adds 24 embedded commands. **Same requirements (64K and interface) but works with ANY EPSON FX compatible printer (Star line, Panasonic line, Epson line, OkiMate 20, etc.), rather than JUST the Panasonic.**

Beyond Trek **DDP: \$16.95**

Star Trek adventure with sound effects & graphics. **Requires 64K expander.**
