Presents
SmartDSK CartRIDGE

Another Innovated Product from Walters Software Co. SmartDSK CartRIDGE is a utility cartridge for your Adam computer. When inserted in the cartridge slot, pulling the cartridge reset switch automatically installs the SmartDSK operating system with ramdisk and printer drivers.

Options include loading, saving, and booting the ramdisk. Boot any compatible program from the ramdisk without any special setup or changing the file name. Load SmartBASIC 1, 2, and plus, with basic files. Load SmartBASIC and the SmartDSK III utilities to the ramdisk and access them when ever you need them, by pulling the cartridge reset switch. Load clip, font, border, card, and sign files to the ramdisk to be accessed by The Print Works. Load clip and label files to the ramdisk to be accessed by The Label Works. SmartWRITER files can also be accessed by SmartDSK I, ADAMCALC files with SmartDSK II and much more. Saves you time because programs and files load much faster.

Using the ramdisk also saves wear and tear on your drives, which could save you money in repair bills. The SmartDSK CartRIDGE is upgradeable with easy to open case and socketed program chip.

"Introducing"

"Clip Art Viewer & Converter"

Convert thousands of IBM Print Shop and Print Master public domain clip arts to ADAM format. View a clip art and it's file name. Print with an Epson compatible dot matrix printer. Automatically view, one at a time, a complete media full of clip arts. You select the speed to view your clips. Catalog all your clips on 8 1/2 by 11 computer paper. Catalog option prints 7 clips across with their file name below. This allows you to conveniently find the perfect clips for your projects. Convert 2K clips to 1K, and 1K clips to Print Works format. Over 100 IBM format P.D. clips included free.
