

COLECO VISION™

SUPER ACTION™ CONTROLLER SET

ARCADE QUALITY JOYSTICK moves selected onscreen player or character in any of eight different directions. Also can be used with all other ColecoVision™ cartridges played with a joystick!

SPEED ROLLER gives you increased control over velocity of onscreen players or characters. Speed up the action for even more excitement in SUPER ACTION™ SPORTS GAMES.

12-BUTTON KEYPAD lets you select game options, skill level and game play factors. Each SUPER ACTION™ game comes with its own overlay: SUPER ACTION™ BASEBALL overlay included.

PLAYER-SELECT TRIGGERS let you choose which onscreen player or character you want to move. You have individual control of 4 or more different characters or objects in SUPER ACTION™ SPORTS GAMES.

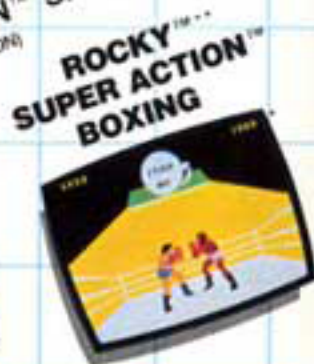

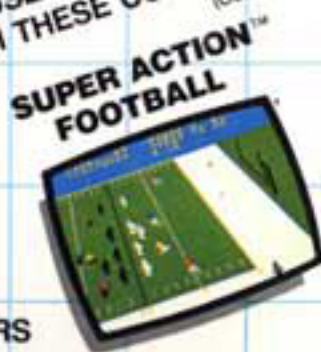

CUSTOM DESIGNED GRIP for easy handling and comfortable use. Snap on pistol grips (included) make it perfect for any size hand.

SUPER ACTION™ BASEBALL

ColecoVision's™ unique multiple split-screen effects makes it the most realistic sports game yet. The perspective on the screen actually changes as each play develops, so for the first time, authentic baseball action is right at your fingertips! Get your turn at bat, using all your major league skills! Hit, run, even steal bases, too! Out in the field, the ball's shadow helps you position your defense as you catch line drives, balls, grounders, and throw runners out. The scoreboard keeps track of all the game statistics, so it's batter up and P-L-A-Y-B-A-L-L!

USE SUPER ACTION™ CONTROLLERS WITH THESE COLECOVISION™ SPORTS GAMES (COMING SOON)

USE SUPER ACTION™ CONTROLLERS WITH OTHER COLECOVISION™ CARTRIDGES (Any Games That Use a Joystick)
