# SUPER COBRA
## (c) 1983 Parker Brothers

Super Cobra is not compatible with the Stand Alone ADAM Computer. However, a patch to the rom code was developed in 2013 by Nanochess and a new rom image made available that will allows Super Cobra to work on the ADAM as well as the ColecoVision.

Super Cobra is NOT compatible with the Super Action Controllers. The firebuttons do not work for shooting the gun or dropping bombs.
