ADAM Bomb
by Steve Pitman Software
Easter Eggs

- Secret #1: Skipping Screens

On any screen, bomb a diamond twice. You will get both bombs back, 1000 points and after you clear the screen,
you will skip the next two.

- Secret #2: Extra Men

When you see the title screen (where it says "PRESS FIRE BUTTON TO START"), type the word 'adam' in lowercase
and you will start the game with 10 extra men.
