

If you have the data pack super game version of Dam Busters do the following...

1. Load the game
2. start the game. option 1 flight lieutenant, game will load
3. once loaded, take the tape out of the drive
4. press the * key on the keypad
5. enjoy the ending!

The graphics will be a bit off during the barrel rolling. Watch till the very end after the dam busts.

At the end, press * enter your name, then press * on the keypad twice to keep repeating the ending.
