**DIGITAL  
ADVENTURES**

**THE  
PIT  
OF  
RESHUS**

DEC. 15 IT'S COMING! DEC. 15

**DIGITAL  
ADVENTURES**  
Proudly Presents

**PIT OF RESHUS**

The Second GRAPHIC Adventure in the Dalarik Trilogy!  
DESCEND BELOW THE PRISTINE WATERFALL OF ALUPA TO THE DEPTHS OF THE PIT OF RESHUS (RES'SHOOSE). SEARCH THE ENDLESS SUBTERRANEAN PASSAGES OF THE UNDERWORLD FOR TREASURE AND THE CLOAK OF VONT'E. TREAD CAREFULLY OVER THE LIVING BRIDGE, DECIPHER THE MYSTERY OF THE CHAMELEON MAZE AND MAKE YOUR WAY BEYOND THE PAINTED CAVERNS. IF YOU ARE DILIGENT ENOUGH YOU MAY FIND THE SCARAB OF ALUPA. BUT BEWARE OF THE GNOME KING AND HIS MINIONS... FOR THE GNOME KING RULES THE NETHER REGIONS WITH AN IRON FIST AND EVERYONE WHO ENTERS HIS DOMAIN... IS HIS ENEMY. THESE AND MANY MORE EXCITING ADVENTURES ARE IN STORE FOR YOU AS YOU SEARCH FOR THE CLOAK OF VONT'E. AT THE...

**PIT OF RESHUS!**

This is the new updated ADAM CONNECTION catalog. It has the newest and most exciting software and hardware for ADAM yet.

Again I'd like to thank Solomon Swift of DIGITAL EXPRESS, JAMES WALTERS of WALTERS SOFTWARE COMPANY & SYD CARTER for the time they have given me in selling their products. These are some of the best in the ADAM community. Their continued work for the ADAM have kept it alive for all of us to enjoy.

Thanks also to all the other software/hardware developers featured in this catalog and thanks to all of you for supporting the best 64K computer ever created. Without your support ADAM would not be here today.

If anyone has any questions or comments please feel free to write in or call. If anyone has developed any software/hardware that they'd like to sell give me a call and I'll have it in the next printing of this catalog.

Good luck and happy computing!!

### The ADAM Connection Specials

\*\*\* Any order with a TOTAL of \$70.00 or greater can get a free game of your choice. Choose from Super Sub-Roc, Jeopardy, or The Best Of The Electronic Arts. Please indicate which game you want by filling in the orderform, putting "Free" in for the price.

\*\*\* Buy 5 SONY HF-60 Data Packs for only \$8.00; buy 10 for only \$15.00

\*\*\* Buy any 5 N&B Public Domain Graphics volumes and receive one of the following free: N&Bpix001 or N&Bpix002; indicate by putting "Free" in for the price.

### OTHER NEWS

+++ In this catalog you will find that the GoDOS section has grown. This package is sure to be the best set of utilities for that ADAM ever to be made.

+++ DIGITAL ADVENTURES has released the next adventure in their trilogy. These games are the best EVER seen for the ADAM. These games will keep you playing for hours.

+++ Hey!! For any of you modem folks out there for some great on-line time call UP-AN-ADAM and TRADING POST BBS's. Both these boards feature up/downloading of programs, Electronic Mail (E.MAIL), and the chance to meet some really friendly ADAM users. Here are the numbers for each.

|                 |                 |
|-----------------|-----------------|
| UP-AN-ADAM      | TRADING POST    |
| (206) 859-2018  | (216) 791-4022  |
| run by "ZONKER" | run by "HERMAN" |

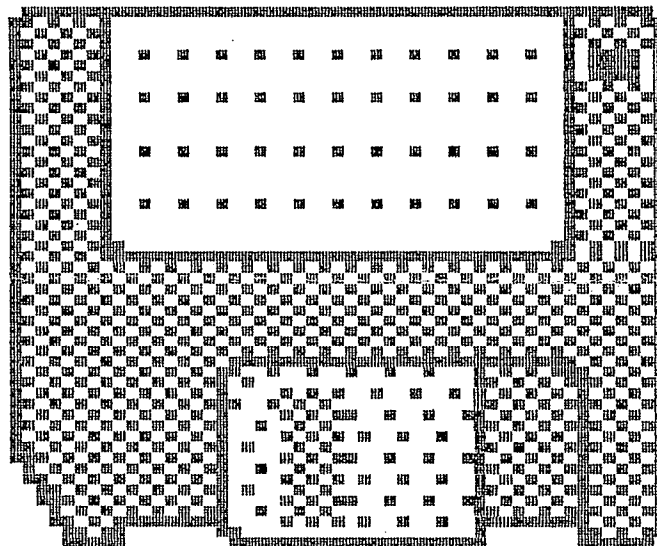

When you call tell them "CONNECTION" said "hi"!!

### \*\*\*\*\*

If you can't find a program or piece of hardware you were looking for, then give me a call. I can get it for you at a very fair price.

### \*\*\*\*\*

The real threat to any computer system is piracy, and ADAM is no exception. Copying software for resale is not only dangerous to the existence of ADAM, but is also illegal. If you do copy software to sell or to give to a friend, Sorry!! ADAM companies survival depends on you. Keep ADAM alive for many years to come.

### \*\*\*\*\*

The ADAM Connection's ADAM is a stand alone model with two digital data drives. Also used are one 160K disk drive and one 20K disk drive. In addition to ADAM's standard 64K of memory this system has an orphanware 256K memory expansion.  
Printing is done using the standard ADAM SmartWRITER printer and also a SEAR SE-10 dot matrix printer; the latter uses an EVE SP-1 serial/parallel interface. This dot-matrix printer does all the printing in this catalog and the graphics on the front cover, the order form, and even this description. All graphics were done using PowerPAINT and the Print Works. All typesetting was done with SpeedyWRITER 2.0. Anyone with inquiries about the system can write or call in.

## PROGRAMMING UTILITY SOFTWARE

INTEL-BEST 3.3 (DIGITAL EXPRESS): This innovative machine code program makes over three dozen enhancements to SmartBASIC V1.0. It includes nine very user friendly MUSIC commands. You can use music from song sheets in your BASIC programs. It corrects the DATA/REM space bug. Now you can use ONE color table for both GR and HGR modes. It includes a relative RESTORE command, plus lots more. \$18.95

Intel-LOAD 1.0 (DIGITAL EXPARESS): Converts SmartBASIC 1.0 programs to binary format for superfast loading (up to 12 times faster); stays in RAM; two bsave choices. Discover for yourself why Intel-LOAD is the best selling binary converter for ADAM. \$11.95

Intel-LOAD 2.0 (DIGITAL EXPRESS): Converts SmartBASIC 2.0 programs to binary format for superfast loading; stays in RAM; two bsave options; works ONLY in STD MEM. \$11.95

TurboDISK 1.0 (DIGITAL EXPRESS): Creates a RAMdrive utility for SmartBASIC V1.0 (a RAM drive is like a superfast disk drive); corrects some SmartBASIC bugs; stored as a machine code program which is brun. It includes TurboCOPY (copy utility for BASIC with 62K buffer, RUN and BRUN files, INIT and rename volumes, chack block status). TurboDISK's ramdisk is fully compatable with ALL binary converted BASIC programs, Intel-BEST 3.3, Intel-LOAD V1.0, and the PatchWORK series of BASIC enhancements. It uses "d7" to access the 63K ramdisk. This package is a must for any owner of the 64K RAM expansion card. Requires at least a 64K expansion card \$19.95

TurboDISK 2.0 (DIGITAL EXPRESS): Creates a RAMdrive utility for SmartBASIC V2.0; uses "d7" to access 63K ramdisk. Now you can use the powerful ramdisk capability with SmartBASIC 2.0. Requires at least a 64K expansion card \$11.95

MegaDISK 1.0 (DIGITAL EXPRESS): Creates a RAMdrive utility for SmartBASIC V1.0 or standard EOS programs; Works with ANY SIZE OrphanWare compatible expansion card (64K, 128K, 512K, and 1M) -- it automatically adjusts the size of the RAMdisk in accordance with your XRAM size. Stored as a machine code program which is brun (can also be loaded from your own machine code programs) or just insert and pull the Computer reset. It even comes with four Digital Express public domain programs including EZfileXFER (a utility for copying files from one medium to another). Mega-DISK's ramdisk is fully compatible with ALL binary converted BASIC programs, IntelBEST 3.3 and Intel-LOAD V1.0. This package is a must for those who own an OrphanWare or IHS memory expansion boards (also works with a standard 64K expansion card). requires at least a 64K expansion card \$19.95

XRAMPak I (DIGITAL EXPRESS): Excellent companion for MegaDISK 1.0 and your mamory expander. Comes with XRboot (boot BASIC 1.0, ADAMcalc, and ADAMlink in about two seconds), XRcopy (a very powerful and user friendly copy utility), PACK and UNPACK (compacts and decompacts your favorite RAMdisk files into/from one largs file for quick system setup), and EZfileXFER2 (an easy-to-use file copy utility, any file type). Works best with at least a 128K memory expander. requires a memory expander and MegaDISK 1.0 \$14.95

SwiftDISK (DIGITAL EXPRESS): Fools the operating system into believing that the superfast RAMdisk is a second tape drive. Great for SmartWRITER, ADAMcalc, SmartBASIC, SmartLOGO, and many others. Enjoy the time saving convenience of a RAMdrive with some of Colceo's most popular software. Requires MegaDISK 1.0 and at least a 64K expander (works best with 128K or larger card) \$9.95

BASICaide revision 2 (MR T. SOFTWARE): Several BASIC 1.0 enhancements; new CHAIN command; new BIN command to store fast loading programs; macros; fixes; more. \$11.95

MegaSYSTEM-XR.A (DIGITAL EXPRESS): This powerful utility turns your big memory expansion card (256K or larger) into a dream machine. You can instantly switch between 10 great programs. And you don't even have to pull the computer reset; just tap CONTROL and the DELETE key at the same time. In an instant you're given a menu of options to select from. You can choose from three enhancement versions of SmartBASIC 1.0. Load SmartWRITER with or without dot matrix print options. A clock and perpetual calendar is available (clock requires EVE or OrphanWare real time clock). Comes with a powerful media utility for disk formatting, file copying, editing sectors, backing up media and verifying. It even includes a utility for printing hi-res screens on the ADAM printer or a dot matrix. Included also is a charts and graphs assembler. Comes with ADAMLink II, SmartWRITER, and SmartBASIC -- all can be used with a dot matrix printer or the ADAM printer. You can even use your own ADAMcalc too. You'll wonder how you ever got along without this productivity enhancement for the ADAM. requires at least a 256K memory expander, clock requires OrphanWare or compatible time clock, dot matrix printing requires a parallel interface and a dot matrix printer \$34.95

MegaSYSTEM-XR.B (DIGITAL EXPRESS): Just like MSXR.A except that it requires MegaDISK 1.0 for creating the RAMdrive. \$27.95

SwiftBASIC 80 (DIGITAL EXPRESS): Finally you can use SmartBASIC with your OrphanWare 80 column video unit. SwiftBASIC 80 (revision 2.1) is a set of patches to standard BASIC; it can run most SmartBASIC programs that do not use graphics. Includes macros, fixes many BASIC bugs, comes with an NMI driven clock, sets up your RAMdrive (any size), and supports up to four disk drives (with OrphanWare EPROMs) of any size. Requires OrphanWare 80 column video unit \$11.85

SmartTALK (DIGITAL EXPRESS): Here is a fine set of programs for use with the EVE or OrphanWare speech synthesizer. Even come with a 1000+ word dictionary. For young users there is a fun-filled alphabet learning game complete with graphics, a Humpty Dumpty recitation by ADAM (and he falls off the wall too), and ADAM sings "Twinkle, Twinkle". For older ADAM users there is a talking state/capitals game, a Shakesphere trilogy, and ADAM sings "Yankee Doodle". And all the speech is articulate. Just another innovation from the folks at DIGITAL EXPRESS. Requires at least a 64K expander \$19.95

RamBOOT (WALTERS SOFTWARE): With RamBOOT and a 256K or larger memory expander, you can switch between four software programs, SmartWRITER, SmartBASIC 1&2, and ADAMcalc, with one key push. Select programs from the RamBOOT's menu. Hold down the control key and push the delete key to return to the menu from any program. Programs boot super fast, (about 2 seconds) and all have ramdisk capability. Printer drivers for dot matrix included for SmartWRITER and SmartBASIC 1&2. Smart key (V) is reserved for a utility program, currently being worked on at Walters Software Co., when patched it will provide a set of file utilities at the push of a key. RamBOOT can also be setup for a 64K and 128K expander to switch between two programs. Requires at least a 64K memory expander \$22.95

SmartDSK for SmartWRITER (WALTERS SOFTWARE): Uses any memory expander as a high speed ramdisk, with options to use the ADAM printer or a dot matrix printer. All SmartWRITER printer features work with a dot matrix printer. Compatible with all SmartDSK utilities. New ramdisk also has more blocks free one per 64K, 256K expander has 187 blocks free with one bank reserved. New Operating system lets SmartWRITER work faster and smoother. Can be used without an expander just for the dot matrix printer option. Requires at least a 64K memory expander for the ramdisk \$17.95

SmartDSK II for device #2 (WALTERS SOFTWARE): Is a ramdisk program for ADAMcalc, Flash Card Maker, and SmartBASIC 1 & 2. Uses drive number two (tape drive #2) as the ramdisk drive selector. Use any memory expander (ADAMcalc requires a 128K or larger expander to work correctly). Copy II, Matrix (dot matrix printer patches for SmartBASIC 1&2) and cruncher programs included. New ramdisk has more blocks free; full size 256K expander has 250 blocks free, or 252 total blocks. Block 0 can be used, it is not used as the buffer as with other ramdisk programs. Copy II can copy a complete program including the boot block (0) to the ramdisk to be copied back to a data pack or disk. Requires at least a 64K memory expander \$17.95

SmartDSK III for SmartBASIC 1 & 2 (WALTERS SOFTWARE): Is a new high speed ramdisk program for use with SmartBASIC 1 & 2. Uses any memory expander as a ramdisk; more blocks free, 256K expander has 250 blocks free, or 252 total blocks. Block 0 can also be used. Copy complete programs to the ramdisk including the boot block (0) and copy them back super fast to data packs and disks. Includes complete sets of utility programs for SmartBASIC 1&2, COPY, TOOLKIT, MANAGER, MODIFIER, VERIFIER, PURGE, and more. Ability to use 160K disk drives with 320K and 720K (3 1/2") drives. New EOS loaded with SmartDSK, printer drivers for dot matrix printers and cruncher programs for both SmartBASIC 1&2. Requires at least a 64K memory expander. Expander is not required to use the utilities \$23.95

PrBOOT (WALTERS SOFTWARE): With PrBOOT file transfer program you can save up to six software programs to a data pack, disk or ramdisk. Then PrBOOT and select the one you want to use. Booting programs from the ramdisk with PrBOOT is super fast. SmartBASIC takes about 2 seconds. Also the convenience of six software programs on a disk or data pack. Compatible with all SmartDSK and SmartDSK utility programs. Requires at least a 64K memory expander; SmartDSK II or III required to boot from ramdisk; SmartDSK I or II not required to boot from disk or data pack \$17.95

AutoBackup for SmartDSK (WALTERS SOFTWARE): Two unique programs to be used with SmartDSK II or III. AutoLoad copies the contents of a disk or data pack to the ramdisk. AutoSave copies the contents of the ramdisk to a disk or data pack. Use any expander, 64K or larger, 160K, 320K, and 720K disk drives. PrBOOT can also be used with AutoLoad to boot software from the ramdisk. Requires at least a 64K memory expander on disk \$17.95; on data pack \$19.95

Jeopardy Writer (WALTERS SOFTWARE): \$24.95

Family Fued Writer (WALTERS SOFTWARE): \$24.95

Write your own question packs for these great games. Just type in your own questions and answers. Easy and fun.

Jeopardy Question Pack (WALTERS SOFTWARE): To be used with ADAM's Jeopardy game. Same quality questions and answers found on the original game. \$18.95

Family Fued Question Pack (WALTERS SOFTWARE): To be used with ADAM's Family Feud game. Same quality question found on the original game. \$18.95

Librarian (WALTERS SOFTWARE): Tired of typing those file names to create a data base?? Why not try Librarian from Walters Software Co. Librarian reads the file names from a disk or data pack and stores them on one that SmartFILER can read. Search for file or volume names, room for comments and over 700 filer names. Requires SmartFILER to read data base \$18.95

Double Disk Formatter (WALTERS SOFTWARE): This program will format disks in one or two drives at the same time. Formats include adding directory (Y/N), boot (return to SmartWRITER or your own)(Y/N), multiple catalogs and an ADAM press any key to go to SmartWRITER boot. Uses a split screen. Formats 160K, 320K and 720K disks. on disk \$8.95; on data pack \$10.95

Media-Aid-Plus (WALTERS SOFTWARE): Complete set of utilities for SmartBASIC 1.0. Perfect for the ADAM owner just beginning to expand. \$16.95

Media-Aid-2-Plus (WALTERS SOFTWARE): Same as Media-Aid-Plus except uses SmartBASIC 2.0. \$16.95

RamDSK (WALTERS SOFTWARE): Ramdisk program for SmartBASIC 1.0, loads with SmartBASIC. Requires 64K memory expander \$16.95

RamDSK-2 (WALTERS SOFTWARE): Ramdisk program for SmartBASIC 2.0, loads with SmartBASIC 2.0. Requires 64K memory expander \$16.95

Data Pack to Disk Modification Instruction Sheets (WALTER SOFTWARE): To convert data pack software to run from disk. Toolkit program required for modification, (contained on SmartDSK III or Media-Aid-Plus), not included. These mods. were done by Jim Walters of Walters Software Co. and are original mods. Buck Rodgers, Donkey Kong, Donkey Kong Jr., Zaxxon, Best of B.C., Richard Scarry's, Dragons Liar, 2010 Text Adv., Jeopardy, Recipe Filer, Smart Letters, Flash Facts, 5 screen Donkey Kong, Printer Drivers in SmartBASIC V1.0 or V2.0. \$2.00 each

Modified Software (WALTERS SOFTWARE): Software already modified on disk. You must send in the paper tape insert from the data pack case to prove you purchased the software. We will send it back. \$3.50

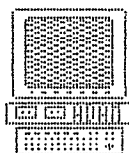

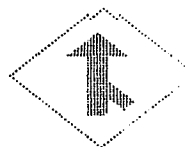

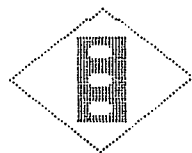

AUTOWRITER (MR T. SOFTWARE): A menu driven utility that writes machine code routines and BASIC subroutines (included) of your choice to a user designated data pack or disk; file may be then merged with existing programs to add special features; detailed instruction manual. \$15.00

ELECTRONIC GRADEBOOK (D.L. DECKER ENTERPRISES): An excellent electronic grade book for elementary, junior, and senior high teachers. You can store class lists with over 40 students while listing dozens of quizzes, texts, and class projects. Requires ADAMcalc \$19.95

CONVERT (UNREAL SOFTWARE COMPANY): This program allow you to copy non-ADAM CP/M disks to ADAM format giving access to data and programs that may not be available in ADAM CP/M format. CONVERT allows you to read from disks in these formats Zenith 100 CP/M 85 SS/DD, TRS-80 MODEL IV CP/M + SS/DD, and IBM CP/M-86 SS/DD. Requires a disk drive, CP/M 2.2 & Assembler, and SmartBASIC \$26.95

Disk Doctor (AJM SOFTWARE): Finally an easy to use utility for repairing damaged EOS directories; written entirely in fast, machine code. Great help in recovering damaged directories. \$12.95

File Indexer (AJM SOFTWARE): In a flash this fine program will sort your EOS directories. It can even store and sort multiple directories into a large file that can be printed by the program or SmartWRITER. \$12.95

## GO-DOS SOFTWARE/MANUAL

GoDOS (DIGITAL EXPRESS): Finally ADAM enters into the world of Graphics Oriented Disk Operating Systems. This new system is the basis for all upcoming "GO" programs from DIGITAL EXPRESS and many other ADAM developers. Comes with more than 400 built-in routines ... a Z80 programmer's dream. Create machine code programs in HALF the time with a better appearance and user interface. Allows use of pull down menus, command lines, simple windowing, dialog boxes, SmartKEY labels. Includes calculator routines, a full arsenal of graphics functions, MUSIC drivers, NMI tune driver, built-in clock, and much more. Automatically sets up RAMdrive and supports up to four disk drives (with OrphanWare EPROMSs). Can be used with 160K, 320K or 720K disk drives. Requires at least a 64K memory expander. GoDOS gets you ready for all the upcoming sophisticated "GO" programs \$19.95

GoWRITER (DIGITAL EXPRESS): The ultimate word processor for ADAM. Includes macros, justification, SmartWRITER compatibility, printer selection, 30 or 60 column screen display, plus scores of powerful features. With a 128K memory expander or larger, you can actually layout graphic pages. Lets you load hi-res pictures and CLIPPER clip art. This is a bargain that you'll find useful for years to come. Requires GoDOS \$21.95

GoDOS Technical Manual (DIGITAL EXPRESS): Here is all the technical information needed for writing programs in the POWERFUL GoDOS enviroment. All the routines are revealed; how to setup for them, how to use them, ect. This is your KEY to programming in the GoDOS system. \$9.95

GoFILER (DIGITAL EXPRESS): This is the 2nd major support package for the GoDOS system. Many features are common to any data base; we'll just list some of the more unique ones here. There are three types of fields: character (seatchable), math (for calculations), and text (for personal notes). All character fields are searchable with one primary search field (such as ZIP codes in a mailing list). Up to 60 characters per field. Text and graphics label printing (using clip art). Special newsletter mailing option to calculate issues remaining in a subscription. Two column hardcopy list option. And the ability to merge and (modify) GoWRITER or ASCII files. Requires GoDOS \$21.95 Available in January 1989

GoNEWS (DIGITAL EXPRESS): This is an easy to use desktop publishing package (a more advanced version is scheduled for 1990). This program lets you create professional looking newsletters and signs. You have options for one, two, or three columns. You can freely mix text, graphics, and layout pages. Some of the options are use of clip art, boarder, rules, and full screen pictures. Plus, you can design graphics from within the program by drawing or using the automatic polygon features. You can enlarge objects onscreen and there is a magnify mode for detailed work. Thus you can freely import graphics of various sizes. The text options are equally versatile and powerful; enter your own text or import an ASCII file. There is a large variety of fonts and many different detailed sizes (ranging from 4x4 pixels to 24x24 pixels). Plus you have a variety of print options. In effect, GoNEWS takes all the great features of PowerPAINT and combines them with a pagelayout and a word processor. Requires GoDOS \$49.75 Available in February 1989

GO  
DOS

## WORD PROCESSING ENHANCEMENTS

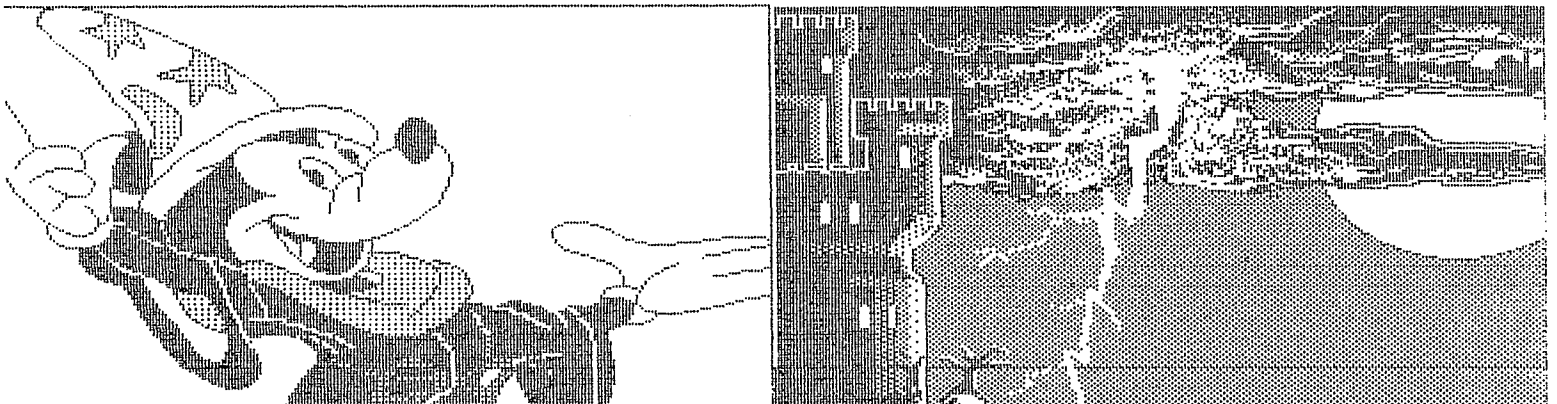

ShowOFF II (DIGITAL EXPRESS): Several machine code printing enhancements for SmartBASIC and SmartWRITER -- WriterMATE program makes several changes to SmartWRITER (new screen colors, LOCK only the alphabet keys, quickly scroll up or down 5 screens) and adds 32 embedded commands for print control. This adds power to SmartWRITER. Requires at least a 64K memory expander, parallel printer interface, Panasonic KX 1080 or 1080i printer, and Centronics parallel interface \$14.95

ShowOFF IIa (DIGITAL EXPRESS): Very similar to ShowOFF II; does not support internal document margin control; does not include the four line justification commands. Adds 24 commands for print control. Requires at least a 64K memory expander, parallel printer interface, and any EPSON FX compatible printer (the Star line, the Panasonic line, the Epson line, the Okimate 20, ect.). \$14.95

SpeedyWRITE 2.0 (WHITE COMPANY): The most advanced word processor ever developed for the ADAM -- written in fast Z80 code. More than 100 features including a 40 column screen, change screen colors, underline, bold face, super & subscript, split screen, line justification, keyboard macros, INIT support for any disk drive size, ability to edit two file simultaneously, pocket data base, already setup for ADAM or dot matrix printer, built-in ramdisk (10K for standard ADAM and 64K with memory expander. \$42.95

NewsMAKER (STRATEGIC SOFTWARE): The first easy to use page layout system designed for ADAM. NewsMAKER allows you to create your own newsletters, catalogs, persentations, forms, reports, articles, manuals, ect. Variable sized text and picture block formats are offered, position text or pictures anywhere on the page. Powerful text editor included for easy text entry. User selectable, automatic, or manual text flow control. Right justification of columns for news paper effect. Automatically reformats text to fit any size block. Multiple picture files can be placed within columns of text to give your documents that professional look. Create your own headlines or tag lines using special oversized character styles. Graphically perview your document before it is printed. Converts SignSHOP pictures to be used in the document too. Produces stunning output on your Standard ADAM Printer. Includes an easy to follow manual. \$29.95

SpeedyWRITE Spell: Full dictionary with over 10 thousand words and a full thesaurus with over 5 thousand words. This spell checker runs very fast - it run in memory. Requires 64K memory expander and will only work with SpeedyWRITE 2 at present. \$29.95

## GRAPHICS DESIGN SOFTWARE

The Print Works (WALTERS SOFTWARE): This is a print shop program for the ADAM computer and a dot matrix printer. Design banners, greeting cards, letter heads and signs. Clip Art and Fonts can be in three sizes. Several Clips, Fonts & Borders included. Options include the ability to move system, clips, fonts and borders to a ramdisk. Graphic SmartKEY driven, clip and font display, page layout, save and load print works files and more. Requires a parallel printer interface and a dot matrix printer \$24.95

PowerPAINT (DIGITAL EXPRESS): 80K graphics processor for ADAM written entirely in fast machine code. The MOST EXTENSIVE graphics design program available; and it uses Coleco-like graphics. All the features of ShowOFF I (below) PLUS: Huge variety of storage & retrieval options (directly loads SmartPAINT, PaintMASTER, GraphixPAINTER, SmartLOGO, and RLE pictures). Quick global color changes; move, copy, and erase options. MANY hardcopy options (screen, labels, letterheads, and whole picture). Screen scroll options; the whole picture is four screens with a 64K card (8 screens with a 128K or greater). Can use FontPOWER typefaces, CLIPPER clip art, and SpritePOWER sprites. You have to see it to believe; an incredible bargain for the price. Requires at least a 64K expander. Printing requires a standard parallel printer interface and Epson FX or IBM 5152 compatible printer (like the Panasonic line, STAR printers, and the Okimate 20). Fully compatible with SmartPAINT. Packed with POWERFUL options. Easily UNDO changes. Even setup a RAMdrive automatically (128K or larger card). Don't miss out on THE graphic design program for ADAM. You'll use this program for years to come. \$34.95

ShowOFF I (revision 2.0) (DIGITAL EXPRESS): Multi-featured graphics design package; fast global color changes; quick polygons; easy text entry; font and brush rotation. And, it comes with six pictures; many PD pictures available. Print routine preset for any Epson FX or IBM 5152 compatible printer (like the Panasonic line, STAR printers, Okimate 20, ect.). Over two dozen print options (various widths, lengths, mirror image, reverse image, three densities). Requires a parallel printer interface and a dot matrix printer \$24.95

FontPOWER (DIGITAL EXPRESS): The FIRST of our second generation of ADAM software -- amazingly emulates and improves Coleco design techniques. This very easy-to-use font design utility even comes with 8 new font sets (script, micro, cory, roman, bold, ect.). and, it includes three hi-res font shape tables. Plus it includes a BASIC program that allows the user to insert any FontPOWER characters inside the GR, HGR, or HGR2 graphics window. \$12.95

SpritePOWER (DIGITAL EXPRESS): The SECOND of our second generation of software for ADAM -- emulates Coleco-like graphics. This totally Z80 machine code program (36K) also comes complete with an extensive instruction manual that tells you all about using the program and using sprites in your own programs. Design sprites on a grid or capture them from hi-res pictures; includes a buffer for transferring sprites from one file to another; includes an 11K ramdisk (does NOT require the 64K expander). Comes with PUFF (a fast action arcade style game using sprites). Store sprite sets as binary image BASIC "H" file, or as a BASIC "A" file with DATA statements. Widely acclaimed as THE BEST sprite design utility ever written for the ADAM ... find out for yourself. \$14.95

CLIPPER (DIGITAL EXPRESS): Another of our second generation ADAM software; detailed instruction manual. Shows you how to put "clip art" into your own hi-res pictures; allows you to design clip art pictures (64 by 64 pixels) or capture them from hi-res pictures. foreground and background drawing. Store clip art binary image and color data as a Z80 file or as a basic "H" file. Includes 11K of ramdisk storage space (does NOT require 64K card); totally Z80 program. \$14.95

PaintAIDE (DIGITAL EXPRESS): Allows you to customize some aspects of PowerPAINT and lets you predefine the four SPECIAL font sets. Plus it comes with the SWIFT FONT KIT including over three dozen font files for use in SmartBASIC or PowerPAINT. Even includes a utility that lets you convert bit image font sets to hi-res shapes for use in HGR and HGR2. Great companion to PowerPAINT. \$16.95

SwiftPRINT (DIGITAL EXPRESS): Now you can print color graphics on your Okimate 20. Loads SmartPAINT, PowerPAINT, PaintMASTER, GraphixPAINTER, and RLE pictures. You can quickly change foreground and background colors. Flip picture horizontally or vertically in an instant. Prints up to TWO pictures horizontally. Also prints in black & white for Epson FX compatible printers. With a 128K or larger memory expander you can also enter text (different typefaces & styles). Requires at least a 64K expander. \$14.95

PowerPAINT Executive Edition (DIGITAL EXPRESS): Here are some of the features added to PowerPAINT. On screen enlargement: double graphic in size instantly. Variable cell size for file storage; 1, 2, 4, 8, or 10 (10K with a 128K card). 10 cell workspace with a 128K or larger memory expander. White as a palette color. Ability to change cells from almost all sub-menus. INSTANT picture flipping horizontal or vertical axis. Three graphic label sizes: address label, disk label (current size), and 3.5" disk label. Full picture borders. Stamp sprites by letter keys as well the current way. Requires same additions as the standard PowerPAINT. \$49.95 Available in January 1989

#### SOFTWARE BACKUP PROGRAMS

BACKUP+ 3.0 (MMSG): Contains all the features of BACKUP 3.0 plus: Copy individual blocks, a range of blocks or multiple range of blocks, program allows an offset between source and destination, a block check utility reads blocks and display status, contains a full set of file utilities (copy by file, selective file copy, copy BASIC, delete, undelete), display/print a catalog from any drive, and initialize within the program. does not support 320K or 720K disk drives. File utilities will not work if there are more than one catalog on a tape or disk \$24.95

COPYCART+ 2.0 (MMSG): With COPY CART+ you can copy up to 15 videogames cartridges onto data pack, 9 on a single sided disks, 18 on a double sided drive and 44 on a 720K disk drive. Converts standard data packs or disks to a special SELF-BOOTING TARGET media. Target media will self-boot and display a directory of all copied cartridges. Unlike other cartridge copy programs COPYCART will check the length of each cartridge and then copy only the needed blocks. This allows for more copies per tape/disk. Program selection is by number, making the program easy to use even by young children. \$17.95

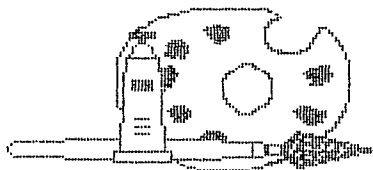

PDQ COPY (L'HERAULT COMPANY): This copy program is the fastest yet because this program gets both drives going at the same time. Checks for active drives and will not let you access a drive that is not there. Not compatible with 320K or 720K disk drives \$21.95

<see the Programming Utility section for other copy programs>

## EDUCATIONAL SOFTWARE

QuikFAX QUEST (DATA DOCTOR): Three academic quizzes; includes study mode (on screen and hardcopy). US capitals, world catitals, and Chemistry elemants. \$14.95

Strategy Strain (DATA DOCTOR): Nine intellectually challenging computer classics. Good graphics and sound. Includes Towers of Hanoi, Klingon Challenge, Fixxator and Lunar Module Simulation. \$14.95

Spanish Vocabularian (MARATHON COMPUTER): Learn spanish with word quizzes, printed study sheets and report cards. 1600 word dictrionary expandable to 7400. \$18.95

## BUSINESS/HOME SOFTWARE

EASY COME-EASY GO (MMSG): This is a comprehensive savings and loan program for the ADAM. Have you ever wanted to know: How much financing a car or home really costs you, how changes in the INTEREST, PRINCIPLE, or TERMS of a loan affect the monthly payment or total amount you pay? The effective interest rate when you re-finance a loan and pay points, the remaining principle on a loan so you can determine the payoff, the future worth of regular deposits in a savings account, the amount you would have to invest to make regular withdrawls in the future, The amount you would have to have to invest today to be worth the amount you want in the future. EASY COME-EASY GO can help you answer these financial questions and much more, including: The ability to display or print an amortization schedule or a loan spreadsheet that provides you with the payments for a range of loan terms, interest rates, and principles. \$16.95

BUSINESS PACK I (E&T SOFTWARE): This is a six program package designed for the small business. Two programs are for customer address files, two programs are for inventory control, one program is used to sort your address files, and one program is used to check your tapes/disks for bad blocks. To conserve memory, SOFTFILER is used to create your address files, and SOFTMAILER II is used for printing. Up to 248 records per file can be used. Use as many files as your business requires. Three categories can be used for special information such as phone number, ordered, shipped, ect. When using the SORT program, records can be sorted by first/last name, or zip code (great for bulk mailing). Besides printing/displaying your records like SOFTMAILER, with SOFTMAILER II you can start screen/display from any record number. If you have a tractor feed, records can be printed continously. The other two programs are: SOFTSTOCK and STOCKPRINT, inventory control programs. Up to 400 records are allowed per file. As with the address programs, use as many files as your business requires. Keep track of stock number, description, quantity on hand, quantity on order, quantity sold, company cost, and retail cost. A total of your entire inventory is displayed for amount sold, amount on hand at retail, and amount on hand at wholesale. Keep track of stock number, description, company cost and retail cost. All invetory items can be displayed to the screen/printer, as well as those that need to be ordered. \$19.95

SOFTPACK I (E&T SOFTWARE): This package is fully menu driven, and contains the following four basic programs: SOFTCHECK - A complete personal checkbook manager. SOFTCHECK handles checks, deposits, atm's, and interest earned. Up to 650 entries can be totaled by just entering "tax", checkbook RECONCILER - This program uses your current checkbook file and compares it with your bank statement. SOFTMAILER - With this program you will never have to address envelopes or print mailing labels again. Create address files of up to 150 records. Print/display by first name, last name, or zip code. All four are easy to use and contain printer output. \$19.95

COLECO SOFTWARE limited quantities

SmartLOGO: Coleco's version of the popular structured language. Program up to 30 turtles and 16 colors for dazzling graphics effects. Blend in sound effects and music. Great for graphics and sound control; 350 page manual. Data pack only \$21.95

## GAME & RECREATION SOFTWARE

Temple of the Snow Dragon (DIGITAL ADVENTURES SOFTWARE): The FIRST in a TRILOGY of superb graphic adventures -- truly randomized; store and load a game; absolutely incredible graphics; great sound effects; very challenging adventure. Without a doubt, one of the best games EVER written for the ADAM computer; rivals ANYTHING Coleco did. This one will keep you playing. A FUN-FILLED, fun to play experience. You'll never forget this one. \$24.95

Beyond Trek (DIGITAL EXPRESS): The challenging GRAPHIC adventure pit you against hostile Klingons in defense of four starbases. Good graphics and music. You command the Enterprise. Hall of fame for top 10 scores. Four skill levels. Requires at least a 64K memory expander \$14.95

Chess Champ (DIGITAL EXPRESS): The FIRST graphic chess game for the ADAM. Great graphics, easy user interface, and 10 skill levels. A little slow on higher levels. Good chess playing companion; GREAT for beginners (even comes with on-line instructions and illustrations). Can be used with EVE or OrphanWare speech synthesizer. Take back last move; edit board, force computer move. And store/load up to 52 games per disk or data pack. Requires at least a 64K memory expander \$14.95

G.A.M.E. SET #1 (DIGITAL EXPRESS): Two volumes (two disks or data packs) with a total of 14 entertaining songs and colorful hi-res pictures. Good entertainment. Great for showing off your ADAM system. Very USEFUL for recording as video tape headers. \$11.95

G.A.M.E. SET #2 (DIGITAL EXPRESS): 14 great music and graphic combinations for bringing out the best in your ADAM. Sound and Graphic quality you have to see to believe. \$11.95

G.A.M.E. SET #3 (DIGITAL EXPRESS): 14 songs with pictures, great for recording as video tape headers. \$11.95

MageQuest (rev 2) (REEDY SOFTWARE): Using various spells you must retrieve the nine Wards of Power that were stolen. Features sound, colorful animated high resolution graphics, nine level and much more. MageQuest can utilize levels which are called Solo Adventure Packs. (see the Public Domain section). On data pack \$18.95; on disk \$16.95

Lab Mouse (REEDY SOFTWARE): In this unusual game, you take on the role of a laboratory mouse stuck in a maze! This hi-res 3-D maze is shown in "first person" perspective. Select from 5 skill levels. Every maze is different and the only way out is to find the cheese! On data pack \$16.95; on disk \$12.95

Stage Fright (REEDY SOFTWARE): This mammoth text adventure took humorus programmer Mike McCauley over two years to complete! You're an actor or actress trapped in an abandoned theater. Features three levels of play, music, text animation, function keys for easy use, saved games, puns, and much more. On data pack \$18.95; on disk \$16.95

Phrase Craze (REEDY SOFTWARE): This exciting "Wheel of Fourtune"-type game for ADAM lets you have up to three players compete to figure out the phrase in each of three rounds. All high-resolution graphics, animated sprites, and make this game great fun. Phrase Craze comes ready to use with hundreds of phrases, but the fun doesn't end there -- Phrase Craze has an option to utilize Phrase Paks which contain even more puzzles. If you enjoyed Coleco's Jeopardy, you're going to love Phrase Craze. On data pack \$24.95; on disk \$19.95

Phrase Pak Construction Set (REEDY SOFTWARE): This program allows you to make your own Phrase Pak for use with Phrase Craze. This program is very easy to use and the instruction manual includes all you need to know to create your own Phrase Paks. On data pack \$12.95; on disk \$9.95

Phrase Pak One (REEDY SOFTWARE): Includes more phrases to use with Phrase Craze. Over 150 game worth. On data pack \$12.95; on disk \$9.95

Phrase Pak Two (REEDY SOFTWARE): Special SHOW BIZ Phrase Pak. Includes over 150 games worth of puzzles for Phrase Craze that are related to the entertainment industry: celebrity names, titles of movies, names of television shows, and more! On data pack \$12.95; on disk \$9.95

Las Vegas Craps (AL ROGINSKY): Realistic game of the casino game. Good sound, and great graphics. Features include: store your money; allow use of markers. Includes the official craps guide. \$19.95

ALCAZAR (ACTIVISION): ALCAZAR, a castle built in Spain, is said to contain the riches of a dozen rulers. Folklore also whispers of demons and unimaginable peril. To reach the entrance, you will need to venture through a countryside of ancient castles. Each one harbors within its confines: fire-breathing griffins, saber-swinging guards, bottomless shafts, and more. Through over 20 castles with hundreds of rooms, you will be driven to call upon every ounce of strength and intellect you possess to decipher both visual and unique audio clues. Can you survive and reach the throne? \$29.95

ROCK 'N' BOLT (ACTIVISION): Before you awaits the construction of the world's most confused mess of mind-boggling blueprints, bolts, beams and girders. It's a dizzying, incredibly exciting, highrise challenge, all 100 floors of it. You'll spin, leap, and dance your way from beam to beam, puzzle to puzzle. Earn bonus wages and extra workers. \$29.95

BOULDER DASH (FIRST STAR SOFTWARE): An addictive mixture of challenge, strategy, reflex and charm. Collect the required number of jewels and the mysterious escape tunnel is awarded. Can you and Rockford master the enchanted walls, transform butterflies into jewels, and escape the growing amoeba? NOTE: This game won Family Computings arcade game of the year award in 1984. \$29.95

DEMONS & DRAGONS (FAST ED'S SOFTWARE): Text, graphics in this most exciting adventure game. You go back in time to the good old days. Make up your own characters, buy your equipment at the post, run a maze, magic spells, monsters and a host of some of the most unique things you have ever seen in a game. \$15.95

DEMONS & DRAGONS II (FAST ED'S SOFTWARE): What's new - 26 new levels - 1300 new monsters - new defense spells - Nothing like it for the ADAM. Requires D&D I \$15.95

Sub Raiders (STRATEGIC SOFTWARE): The hottest new game for the ADAM has arrived!! This is an authentic hi-res World War II submarine simulator!! Actual 3-D perspective, brilliant real-time animated graphics. 5 skill levels. Enemy and allied positions continuously calculated and updated. Enemy commanders will actually analyze and react to various combat situations. 5 classes of enemy warships. Magnified & normal view patrol area quadrant screens. Forward periscope control room view & fully functional radar screen. Cross section damage report screen. Depth charges, islands, torpedoes, diesel or electric power. \$27.95

Pit of Reshus (DIGITAL ADVENTURES SOFTWARE): The second GRAPHIC adventure in the DALARK TRILOGY! Descend below the protean waterfall of Alupa to the depths of The Pit of Reshus. Search through endless subterranean passages of the underworld for treasure and the cloak of yont's. tread carefully over the living bridge, decipher the mystery of the chameleon maze and make your way beyond the painted caverns. Beware of the gnome king and his minions at The Pit of Reshus!! \$24.95

## HARDWARE

## ADAM HARDWARE

PRINTER GENDER CHANGER (TRISYD VIDEO GAMES): This great little device lets you stop the printer reset every time the computer reset is pulled. Just hook it up between ADAM and SmartWRITER. Saved wear and tear on your printer and stops scrolling of paper when not in print mode. \$12.95

Mega-Copy (TRISYD VIDEO GAMES): This device lets you format your own ADAM compatible blank data packs!! Offers many formats and tape styles; very easy to use software. We at The ADAM Connection use this to create our own blank tapes that we sell. Requires two digital data drives \$69.95

PHONE MONITOR (TRISYD VIDEO GAMES): Gives you several pieces of information about your calls while you were out: how long phone rang, how many calls, and if there was a hang up. Perfect for use with a telephone answering machine. \$19.95

SYDMODEM 1200 - DIRECT CONTACT MODEM (TRISYD VIDEO GAMES): Up/Down loading features with the speed of a professional modem; comes with driving software; internal card with no need for a serial interface. \$175.95

Digital Data Drive: Use as a replacement or as a second drive; same as the one that came with your ADAM. \$29.95

80 Column Video Unit (CL DIGITAL): Stand alone unit that provides 80 columns in CP/M. Capable of running WordStar. Required to use SwiftBASIC 80 and the upcoming GO-DOS 80. \$call

ADAM Power Supply: Original power supply with case and light. Cooler operating allows longer use. Built-in protection from power surges. \$45.95 (limited supply)

GAME CONTROLLERS: Controllers just like your ADAM's originals. \$5.95 each

NEW ADAM KEYBOARD: Just like your ADAM's \$19.95

DISK DRIVE AND KEYBOARD CABLES: Replace defective cables with these originals. \$9.95

ADAM COMPUTER SYSTEM (less printer): Includes: Keyboard, Memory Console, Power Supply & Game Controllers. \$139.95

MONITOR CABLE: Connect your ADAM to a monitor or VCR. \$19.95

PARALLEL PRINTER INTERFACE (CL DIGITAL): Connect your ADAM to a parallel printer; discover the speed and graphics of dot-matrix printing. \$79.95

## MEMORY EXPANDERS

Since memory chip prices keep rising and falling I have not put any prices in this catalog. I can get the following: 64K, 128K & 256K memory expanders. Call for a current price. This is the only way I can really give my customers a fair price.

## DISK DRIVES

The supply of ADAM disk drives seems to have dried up for the moment. Please call for information. I usually will have a few in stock. Of these they are the following. Single-sided, Double-sided, & 720K 3.5 inch drives. Call for a price.

Conversion of a disk drive: We can convert your ADAM disk drive to a double-sided (320K), or 3.5 inch drive (720K). Just send in your standard FUNCTIONAL ADAM drive and it will be converted. Totally EOS compatible; the only difference you'll notice is the improved storage space. Once again please call for a price.

## MISCELLLOUS SUPPLIES

ADAM PRINTER RIBBONS: Standard replacement (black). \$5.95  
Color SmartWRITER ribbons (red, blue, green & brown). \$call

RIBBONS FOR ANY PRINTER: Prices vary according to the model of your printer. Call or write for a price on your type of ribbon. Usually I can get the following colors: red, blue, purple, green, orange, silver, yellow, or brown.

DAISY WHEELS: Choose from: Pica 10, Prestige Pica 10, Elite, Prestige Elite, Courier 10, Courier 72, Letter Gothic, Forms Gothic, Dual Gothic, Emphasis, Bookface Academic, Script, or Italic. \$7.95 each

## GUIDES/BOOKS/INSTRUCTIONS

EZref101 (DIGITAL EXPRESS): All 700+ Z80 instructions listed in numeric sequence; nine full-length pages; decimal, hex, opcodes, & operands; great for assembling machine code routines; holes drilled for easy binder insertion. \$2.95

EZref102 (DIGITAL EXPRESS): All 700+ Z80 instructions listed in alphabetical sequence; nine full-length pages; decimal, hex, opcodes, & operands; great for disassembling machine code routines; holes drilled for easy binder insertion. \$2.95

EZref103 (DIGITAL EXPRESS): Study of ADAM's EOS; jump table vectors, routines, setup for CALLs, exit register meanings; plus assorted tables and general information for advanced programming on ADAM; 21 pages; holes drilled for easy binder insertion. \$3.95

PICTORIAL GRAPHICS LIBRARY (DIGITAL EXPRESS): 100+ page book with printouts of all the PD graphics for use with PowerPAINT. Arranged by size for easy reference (workspace pictures, full screen, labels, clip art, sprites, paint brushes, and fonts). No more wasted hours hunting for the right graphics; its all here in one huge, nicely bound volume. \$14.95

THE BEST OF THE ELECTRONIC ARTS GUIDE: Pinball Construction/Hard Hat Mack instructions; 40 pages; includes pinball reference chart. \$3.95

## BLANK ADAM DATA PACKS

SONY HF-60 DATA PACKS: 256K of storage space. Please indicate center directory or right directory data packs. \$1.75 each

SONY POP-46Y DATA PACKS: 84K of file space. Perfect for short programs. \$1.75 each

TDK SA60 DATA PACKS: 256K of storage space. Please indicate center or right directory data packs. \$1.55 each

HYUNDAI HD-1 C-60 DATA PACKS: 256K of storage space. Please indicate center directory or right directory data packs. \$1.25 each
