Dear ADAM Family Computer Owner:

Thank you for helping to keep the ADAM Computer World Alive. ADAM still continues to grow, both in software and hardware. In order to help keep you updated, we are sending you our latest discount catalog. We are proud to offer you many new products in this catalog. Also, unless supply improves, this catalog will be the last to feature COLECO HARDWARE, since supply is nearly depleted. Everything possible has been done to ensure that our prices are in-line with our competitors (in fact, you'll find COLECO pd software is priced at user's group prices!). We are trying to serve the stranded ADAM owner with HIGH QUALITY software at LOW PRICES. Our purpose is to establish competitor/user's group pricing without the cost of joining a group! In order to do so, retail prices have been cut 10% - 40%. We think you will find our prices to be some of the lowest of ADAM suppliers. So, check us out! And remember! Our firm is the only ADAM supplier that offers SAME DAY SHIPPING on SOFTWARE items (except during rush periods). Thank you for your interest in the ADAM!

Please Note: Due to increasing mailing costs, we will only continue sending catalogs to customers who have ordered since 11/86. If you have not ordered since 11/86, an order from this catalog will keep you on our mailing list. If you haven't ordered and want our next catalog, send a Self-Addressed, Self-Stamped envelope to the address above.

*** THIS CATALOG HAS NO EXPIRATION DATE / KEEP IT UNTIL ANOTHER IS PUBLISHED.
